

# RULES AND REGULATIONS

## ARTICLE 1:00 PURPOSE

1:01 The first chapter of the Village of Grand Rapids income tax ordinances set forth the purpose for which the tax collected will be used. They are not repeated here, other than for personal information, they have no effect on these Rules and Regulations.

## ARTICLE 2:00 DEFINITIONS

2:01 As used in these Rules and Regulations the following words defined herein shall have the meaning ascribed to them herein. In all definitions contained in these regulations, the singular shall include the plural and the masculine shall include the feminine and the neuter with regard to the terms, phrases, words and their derivatives used herein.

2:02 Administrator means the individual designated to administer and enforce the provisions of the income tax ordinances of the Village of Grand Rapids.

2:03 Association means any partnership, limited partnership, limited liability corporation and limited liability partnership, Subchapter S Corporation (hereinafter referred to as an 'S Corporation') as defined in the Federal Tax Code or any other form of unincorporated business or enterprise. The term 'association' and the term 'unincorporated business' are interchangeable terms.

2:04 Board of Review means the Board created by and constituted as provided for in the income tax ordinance of The Village of Grand Rapids.

2:05 Business means an enterprise, cooperative activity, profession, trade or undertaking of any nature conducted for profit or ordinarily conducted for profit, whether by an individual, proprietorship, partnership, association, corporation or any other entity, excluding, however, all non-profit corporations or non-profit associations which are exempt from the payment of Federal Income Tax due to their non-profit status.

The administration of a decedent's estate by the executor or administrator and the mere custody, supervision and management of trust property under an interviews or testamentary trust unaccompanied by the actual operation of a business, shall not be construed as the operation of a business.

2:06 Business Allocation as used in these Rules and Regulations, means the portion of net profits to be allocated as having been made or earned in the Village of Grand Rapids either under the separate accounting method or under the three-factor formula of property, payroll and sales, or under a substitute method, as provided for in the income tax ordinance.

2:07 Business Deductions are the ordinary and necessary expenses actually incurred in the operation of the business to the same extent allowed for Federal Income Tax purposes unless specifically allowed or disallowed in these Rules and Regulations. See Article 3:09 hereof.

2:08 Central Collection Agency means the City of Cleveland Division of Taxation (and is also referred to as the Division of Taxation)

2:09 Central Collection Agency Member means any municipality which has designated the Division of Taxation, 1701 Lakeside Avenue, N.E. Cleveland, Oh 44114 as its agency for collecting its income tax.

2:10 City as used herein means the Village of Grand Rapids.

2:11 Corporation means a corporation, joint stock company, or joint stock association organized under the laws of the United States, the State of Ohio or any other state, territory or foreign county or dependency. The term 'corporation' as used in these Rules and Regulations does not include S Corporations as defined by the Federal Income Tax Code or any other entity defined as an association or unincorporated business entity.

2:12 Deferred Compensation means income that is earned by an employee for services rendered or performed in one year but not paid to the employee until a future year. Deferred compensation is considered to be earned income and is taxable to an employee in the year of deferral.

2:13 Dishonored Check means any check received in payment of taxes, penalty, interest or service charge that is returned unpaid by the bank.

2:14 Domicile is that place where an individual has his true, fixed and permanent home, and principal establishment, and to which whenever he is absent he has the intention of returning. Actual residence is not necessarily the domicile of an individual. A person may have more than one residence but not more than one domicile.

Among other factors indicating domicile may be where the person is registered to vote, receives mail, where their automobile is registered, where their children attend school. This is not an exhaustive list of criteria to determine domicile but merely representative examples of some criteria that may be used to determine a person's domicile.

In the event of a business, the domicile is that place considered as the center of business affairs and the place where its functions are primarily discharged.

2:15 Earned Income is used in determining whether certain income is taxable within the effective dates of the ordinance. Unless specified elsewhere in the Rules and Regulations, earned income is earned when services giving rise to the income are performed and when there is no substantial risk of forfeiture to the right to the income. Earned income includes any elective deferrals of income made by an individual, or that may be made by the employer for or on the behalf the individual. Earned income includes hobby income, income from games of chance and income from lottery winnings.

2:16 Employee means one who works for wages, salary, commission or other type of compensation in the service of an employer and shall include temporary, provisional, casual or part-time employment. Generally, the relationship of employer and employee exists when the person for whom services are performed has the right to control and direct the individual who performs the services, not only as to the result to be accomplished but also as to the details and means by which that result is accomplished. Any person for whom an employer is required to withhold for Federal Income Tax purposes shall, prime facie, be deemed an employee.

2:17 Employee Expenses when required to travel, an employee may deduct travel expenses when not reimbursed for the same by their employer to the same extent allowed for Federal Income Tax purposes unless specifically allowed or disallowed in these Rules and Regulations.

2:18 Employer means an individual, proprietorship, association, corporation or other entity including nonprofit associations or corporations that employs one or more persons on a salary, wage, commission

or other compensation basis, whether or not such employer is engaged in business as herein before defined. The term 'employer' includes the State of Ohio, its political subdivisions and its agencies, instrumentality's, boards, bureaus, departments, and any and all other governmental units as well as other governmental subdivisions, agencies, instrumentality's, boards, bureaus, departments to the extent that any such body withholds tax on a mandatory or voluntary basis. No rights, duties or obligations are imposed with respect to any such body not otherwise authorized by law.

The term 'employer' shall be further defined to be an individual, partnership, association, corporation or any other entity which books or contracts for individuals and/or groups to perform or entertain at their place of business or rents facilities for the purpose of providing such entertainment.

The term 'employer' does not include any person who employs only domestic help for such person's private residence.

2:19 Final Return or Complete Return means a return signed by the taxpayer complete with all necessary schedules and attachments and all necessary information present on the form. A final return has the same meaning as a complete return.

2:20 Fiscal Year means an accounting period of twelve months or less ending on any day other than December 31st. Only fiscal years accepted by the Internal Revenue Service for Federal Income Tax purposes may be used for municipal income tax purposes.

2:21 Gross Receipts means the gross receipts or sales as indicated on a taxpayer's Federal Income Tax return as filed with the Internal Revenue Service.

2:22 Independent Contractor is a person who while performing services for another, is not under the direction and/or control of such other person, as to the result to be accomplished by his work and as to the details and means by which that result is accomplished.

2:23 Intangible Property is defined as the following:

- a) Shares of stock in corporations, joint stock associations and joint stock companies, but does not include shares of stock in S Corporations;
- b) Interest bearing obligations, notes, corporate bonds, bonds, governmental bonds issued by Federal, State or local agencies allowed by law to issue bonds and savings accounts;
- c) Income from purchased annuities;
- d) Royalties from patents and copyrights (see Article 3:09 (A) (3)).

For purposes of these Rules and Regulations, income from intangible property excludes any income from deferred compensation.

2:24 Joint Economic Development District means a District created under Ohio Revised Code Section 715.69 and 715.71 as amended from time to time.

2:25 Net Profits means the net gain from the conduct or operation of a trade, business, profession, enterprise, or other activity after provision for all ordinary and necessary business expenses deducted by the taxpayer for Federal Income Tax purposes, except as otherwise indicated in these Rules and

Regulations, and without deduction for taxes imposed by the income tax ordinance, Federal, State and/or other taxes based on income; and in the case of an association, without deduction of salaries and payments to partners and other owners (see Article 3:09 (A)).

2:26 Non-Resident means an individual, a general or limited partnership, association or other business entity domiciled outside of the boundaries of The Village of Grand Rapids.

2:27 Non-Resident Unincorporated Business Entity means an unincorporated business entity not having an office or place of business within The Village of Grand Rapids.

2:28 Ordinance means the ordinance enacted by The Village of Grand Rapids, and any amendments and/or supplements effective on the date the Village of Grand Rapids' income tax ordinance was effective and continuing until repealed. Hereinafter, this will be referred to as 'the effective period of ordinance'.

2:29 Partnership means a general or limited partnership, or a limited liability company partnership, or any other entity defined as a partnership for Federal Income Tax purposes.

2:30 Pensions means distributions from retirement plans as reported on Federal Form 1099R, or its equivalent or successor form, in the year paid, and which are designed to provide primarily for the retirement income of employees.

Pension distributions are not taxable; contributions to pension plans, retirement plans, deferred compensation plans, as well as any other type of deferred compensation arrangement or income deferral arrangement or plan, are taxable in the year the income is earned and deferred.

2:31 Person means every natural person, partnership, fiduciary, association, corporation, S Corporation or other entity. Whenever the term 'person' is used in any clause prescribing or imposing a penalty, the term as applied to an unincorporated entity shall mean the partners, members, or owners thereof, and as applied to a corporation, the officers thereof.

2:32 Personal Injury means (1) the underlying cause of action giving rise to the recovery was based upon tort or tort-type rights; and (2) the compensatory damages received on account of personal injuries or sickness. Punitive damages are taxable.

2:33 Place of Business means any bona fide office (other than a mere statutory office), factory, warehouse or other space which is occupied and used by the taxpayer in carrying on any business activity individually or through one or more of his regular employees regularly in attendance. A taxpayer does not have a place of business outside of the Village of Grand Rapids solely by consigning goods to an independent factor for sale outside of said community.

2:34 Rental Income means payments received from the use or occupancy of property. Rental income includes, but is not limited to, lease cancellation payments, advance rent, interest, expenses paid by a tenant in lieu of rent, and property or services provided in lieu of rent. The value of the property or services paid in lieu of rent should be reported as rental income. All ordinary and necessary expenses, i.e., depreciation, property taxes, and repairs are deductible from rental income.

2:35 Resident means an individual, partnership, association or other business entity domiciled in the Village of Grand Rapids.

2:36 Resident Unincorporated Business Entity means an unincorporated business entity having an office or place of business within the Village of Grand Rapids.

2:37 Salaries, Wages, Commissions and other Compensation shall include salaries, wages, commissions, bonuses, incentive payments, fees and tips or other earned income, including distributive share income from an unincorporated business entity or association, that may accrue or be received by an individual, whether directly or through an agent and whether in cash or in property for services rendered.

2:38 Taxable Income Means earned income in the form of compensation, to include wages, salaries, and other compensation, bonuses, incentive payments, fees, tips, commissions, or other income that may accrue to or be received by an individual, whether directly or through an agent and whether in cash or in property for services rendered.

Taxable income includes a resident individual's distributive share income from an association against which the individual's community of residence has not already levied a tax.

Taxable income includes other income that may accrue or be received by an individual resident, whether directly or through an agent and whether received or paid in cash or in property.

Taxable income also means the net profits from the operation of a business, profession, and other enterprise or activity adjusted in accordance with the provisions of the income tax ordinances of the Village of Grand Rapids and these Rules and Regulations.

2:39 Taxable Year means the calendar year or the fiscal year used as the basis on which net profits or other taxable income are to be computed under the ordinance, and in the case of a return for a fractional part of a year, the period for which such return is required to be made.

2:40 Taxing Municipality or Community means any municipal corporation or joint economic development district levying a municipal income tax on salaries, wages, commissions and other compensation, and other income earned by individuals, and on the net profits earned from the operation of business, profession or other activity.

2:41 Taxpayer means a person, whether an individual, partnership, association, trust, or any other entity, required by the ordinance to file a return of earnings or of net profits.

2:42 Unincorporated Businesses mean all businesses not specifically incorporated as a C corporation for Internal Revenue Service purposes. All unincorporated businesses are taxable as partnerships for municipal tax purposes. S Corporations are defined as unincorporated businesses under these Rules and Regulations.

2:43 Village as used herein, means the Village of Grand Rapids

2:44 Wage continuation plans include all types of plans in displacement and/or termination of employees, regardless of whether voluntarily chosen by the employee or revocable by the employer, or whether amounts are paid by installments or in a lump sum. These plans are taxable to the community where the taxpayer worked.

2:45 Working Day means a day for which an employee receives compensation whether the services are performed or not performed.

## ARTICLE 3:00 IMPOSITION OF TAX

### 3:01 Resident Employee

(A) In the case of residents of Village, an annual tax is imposed on all salaries, wages, commissions, other income, and other compensation earned and received, earned and accrued, or earned and deferred during the effective period of the ordinance.

For the purpose of determining the tax on earnings of resident taxpayers under the rate and income taxable section of the ordinance, the source of earnings and the place or places in or at which the services were rendered are immaterial. All such earnings wherever earned are taxable. The location of the place from which payment is made, or where payment is received is immaterial.

(B) The following are items subject to the tax imposed by the rate and income taxable sections of the Village tax ordinance.

(1) Salaries, wages, bonuses and incentive payments earned by an individual whether directly or through an agent, and whether in cash, or in property, and whether received or deferred, for services rendered during the tax period as:

(a) An officer, director or employee of a corporation (including charitable and other non-profit organizations), joint stock associations, or joint stock company, or any other type of entity;

(b) An employee (as distinguished from a partner, member or owner) of a partnership, limited partnership, S Corporation, Limited Liability Partnership and Limited Liability Corporation or any form of unincorporated enterprise;

(c) An employee (as distinguished from a proprietor) of a business, trade, or profession conducted by an individual owner;

(d) An officer or employee (whether elected, appointed or commissioned) of the United States Government or of a corporation created and owned or controlled by the United States Government, or any of its agencies; or of the State of Ohio or any of its political subdivisions or agencies thereof; or any foreign country or dependency except as provided in the section of the ordinance indicating sources of income not taxable.

(e) An employee of any other entity or person, whether based upon hourly, daily, weekly, semi-monthly, annual, unit of production or piecework rates; and whether paid by an individual, partnership, association, corporation (including charitable and other non-profit corporations and associations), governmental administration, agency, authority, board, body, branch, bureau, department, division, subdivision, section or unit or any other entity.

(2) Commissions earned by a taxpayer whether directly or through an agent and whether in cash or in property for services rendered during the effective period of the ordinance, regardless how computed or by whom or wheresoever paid.

(a) If the amounts received as a drawing account exceed the commissions earned and the excess is not subject to the demand of the employer for repayment, the tax is payable on the amounts received as a drawing account.

(b) Amounts received from an employer for expenses and used as such by the individual receiving them are not deemed to be compensation if the employer deducts such expenses or advances as such from his gross income for the purpose of determining his net profits taxable under Federal law, and the employee is not required to include such receipts as income (or has directly off-setting business expenses) on his Federal Income Tax return.

(c) If commissions are included in the net earnings of the trade, business, profession, enterprise, or activity, carried on by an unincorporated entity of which the individual receiving such commission is owner or part owner and therefore subject to the tax on the net profits provision of the ordinance, they shall not be taxed under the provisions relating to salaries, wages, or commissions earned.

(3) Fees, unless such fees are properly included as part of the net profits of a trade, business, profession, or enterprise regularly carried on by an unincorporated entity owned or partly owned by said individual (i.e. fees which are taxable are those fees received by a director or officer of a corporation).

(4) Other compensation and other income shall include but are not limited to:

(a) Tips received by waiters, waitresses and others;

(b) Bonuses;

(c) Gifts and gratuities in connection with employment;

(d) Compensation paid to domestic servants, casual employees and other types of employees;

(e) Benefits resulting from employers assuming a tax;

(f) Fellowships, grants, or stipends paid to a graduate student in the full amount except that any amount allocated in writing for tuition, books and laboratory fees shall be excluded;

(g) Dismissal pay which is demandable as a matter of right by virtue of the contract of employment;

(h) Incentive payments;

(i) Contributions by employees and/or employers on behalf of employees to retirement plans are not deductible by such employee. If such contributions are deducted by an employer from the earnings of an employee, such amounts are subject to withholding tax;

(j) If an employer pays into a retirement or deferred compensation plan on behalf of an employee in lieu of paying said amount as wages, said payments are considered additional compensation to the employee and are subject to withholding tax.

(k) Contributions by employers to a pension, annuity, retirement or deferred compensation plan, including simplified pension plans and similar plans, are deemed to be other compensation subject to withholding;

(l) Income received on account of covenants not to compete;

(m) Lottery winnings, gambling and gaming winnings, sports winnings;

(n) Severance pay;

- (o) Jury fees, if not paid over to a taxpayer's employer;
- (p) Contributions made by or on behalf of employees to cafeteria plans and profit sharing plans;
- (q) Income deemed taxable per Federal Code Section 89 or its substantial equivalent;
- (r) Ordinary gains reported on Federal Form 4797 or its substantial equivalent;
- (s) Punitive damages on account of personal injury;
- (t) Hobby income

(5) Vacation, sickness, or any other types of payments made under a wage or salary continuation plan including 'sub pay' received from a union or other third party in lieu of wages during periods of absence from work are taxable when paid. Payments made by an employer to an employee during periods of absence from work are taxable when paid and at the tax rate in effect at the time of payment. Sick leave or sick pay, disability pay, vacation pay, terminal pay, supplemental unemployment pay, and severance pay may not be excluded from taxable income.

Payments made to an employee under a wage continuation plan, either directly or by an insurance company or another third party may not be excluded from taxable income. Such payments are attributable to the city of employment.

(6) Where compensation is paid or received in property, its fair market value at the time of receipt shall be subject to the tax and to withholding. Board, lodging and similar compensation shall be included in earnings at fair market value.

(7) Group term life insurance protection not paid by the employee or if the coverage paid by the employer exceeds \$50,000.00.

(8) Stock options given as compensation. When exercised, regardless of the treatment by the Internal Revenue Service, the employer is required to withhold on the difference between the fair market value and the amount paid by the employee.

Employers must withhold municipal income tax on the exercise of stock options (qualified or nonqualified) if the employee acquired the option as compensation or in lieu of wages.

(9) Losses from the operation of a business or profession are not deductible from employee earnings. Rental and business losses may not be used to offset wage income.

(10) In the case of domestics and other employees whose duties require them to live at their place of employment or assignment, board and lodging shall not be considered as taxable compensation.

(11) Intrastate, over-the-road drivers and others with similar situations reporting to a terminal, office, etc. in a member community must have a minimum of 25% of wages withheld and allocated to the city where their terminal, office, etc. is located.

(12) Income generated from any illegal Federal, State or municipal transaction.

### 3:02 Non-Resident Employee

(A) In the case of individuals who are not residents of the Village there is imposed under the ordinance, a tax on all salaries, wages, commissions and other compensation earned and received, earned and accrued, or earned and deferred on and after the effective date of the ordinance for work done or services rendered or performed within the Village whether such compensation or remuneration is received or earned directly or through an agent and whether paid in cash or in property. The location of the place from which payment is made is immaterial.

(B) The items subject to tax under the rate and income taxable section of the ordinance are the same as those listed and defined in Article 3:01(B) hereof. For the methods of computing the extent of such work or services performed within the Village, in cases involving compensation for personal services partly within and partly without said Village, See 8:02 hereof.

### 3:03 Resident Unincorporated Business

(A) In the case of resident unincorporated businesses, professions, enterprises, undertakings or other activities conducted, operated, engaged in, prosecuted or carried on, irrespective of whether such taxpayer has an office or place of business in his resident community, there is imposed an annual tax on the net profits earned during the effective period of the ordinance attributable to the resident community determined by the separate accounting method or formula provided for in Article 4:00 hereof, derived from sales made, work done or services performed or rendered and business or other activities conducted in a resident community.

(B) The tax imposed on resident associations or other unincorporated entities is upon the entities rather than the individual members or owners thereof. (For tax on that part of a resident owner's distributive share of net profits not taxed against the entity, see Article 3:04 hereof.)

(C) The tax imposed by the income tax ordinance is imposed on all resident unincorporated entities having net profits attributable to the resident community under the method of allocation provided for in the ordinance, regardless of where the owner or owners of such resident unincorporated business entity reside.

(D) Resident unincorporated entities owned by one or more persons all of whom are residents of the same Village and having all income allocable to said community or having any income allocable to other municipalities not levying a similar tax, shall disregard the method of allocation provided for in the ordinance and pay to the resident community, the tax on the entire net profits thereof. Payment of the tax by the entity on the entire net profits thereof shall constitute payment of all the tax due from the owners or members thereof on their distributive shares of the entity net profits.

### 3:04 Resident's Distributive Share of Profits of a Resident Unincorporated Business Entity, Not Attributable to Resident Village.

In the case of a resident individual who is a member, partner, shareholder owner or part owner of a resident unincorporated entity, there is imposed an annual tax on such individual's distributive share of net profits earned during the effective period of the tax ordinance not attributable to the resident community under the method of allocation provided for in the tax ordinance, and not taxed against the entity by such resident community. Provided, however, if any portion thereof is allocable to another

Village, credit for tax due or paid to such other Village shall be claimed in accordance with Article 11:00 hereof.

### 3:05 Non-Resident Unincorporated Businesses

(A) In the case of non-resident unincorporated businesses, professions, enterprises, undertakings, or other activities conducted, operated, engaged in, prosecuted or carried on, there is imposed an annual tax on the net profits earned during the effective period of the ordinance attributable to the entity's Village under the formula or separate accounting method provided for in the ordinance.

(B) The tax imposed on non-resident unincorporated entities is upon the entities rather than the individual members or owners thereof, irrespective of where the members or owners reside. (For tax on that part of a resident owner's distributive share of net profits not taxed against the entity, see 3:06 hereof.)

### 3:06 Resident's Distributive Share of Profits of a Non-Resident Unincorporated Business Entity Not Attributable to Resident Community. (See 11:00 for credits.)

In the case of a resident individual who is a member, partner, owner or part owner of a non-resident unincorporated entity, there is imposed an annual tax on such individual's distributive share of net profits earned during the effective period of the tax ordinance not attributable to the owner's resident community under the method of allocation provided for in the ordinance. Provided, however, that such resident shall be entitled to credit for tax paid to another taxing municipality in accordance with Article 11:00 hereof.

### 3:07 Corporations

(A) In the case of C Corporations, whether domestic or foreign and whether or not such corporations have an office or place of business in the Village, there is imposed an annual tax on the net profits earned during the effective period of the ordinance attributable to said Village under the formula or separate accounting method provided for in the ordinance.

(B) In determining whether a C Corporation is conducting a business or other activity in the Village, the provisions of Article 4:00 of these regulations shall be applicable.

(C) C Corporations which are required by the provisions of Section 5727.38 to 5727.41 of the Ohio Revised Code to pay an excise tax in any taxable year as defined by the ordinance, may exclude that part of their gross receipts upon which the excise tax is paid from their net profits for that taxable year. In such case, expenses incurred in the production of such gross receipts shall not be deducted in computing net profits subject to the tax imposed by the ordinance.

### 3:08 Effective Period of Tax

(A) The tax imposed by the rate and income taxable section of the ordinance shall be levied, collected and paid with respect to salaries, wages, bonuses, incentive payments, commissions, fees, other income and other compensation earned during the effective period of the ordinance.

(B) The tax imposed by said rate and income taxable section of the ordinance, with respect to net profits of trade, businesses, professions, enterprises, undertakings and other activities is on the net profits earned during the effective period of the ordinance.

### 3:09 Amplification

In amplifications of the definition contained in Article 2:00 of these regulations but not in limitation thereof, the following additional information respecting net business profits is furnished.

#### (A) Net Profits

1. Net profits as used in the ordinance and these regulations means net profits derived from any business, profession, or other activity or undertaking carried on for profit or normally carried on for profit.
2. Net profits as disclosed in any return filed pursuant to the provisions of the ordinance shall be computed by the same accounting method used in reporting net income to the Federal Internal Revenue Service (provided such method does not conflict with any provisions of the ordinance.)
3. Income from patents and copyrights is not to be included in net profits subject to the tax.

#### (B) Expenses

All ordinary and necessary expenses of doing business, including reasonable compensation paid employees, shall be allowed but no deduction may be claimed for salary, payment, or withdrawal of a proprietor or of the partners, members, or other owners of an unincorporated business or enterprise, when such salaries, payments or withdrawals are not required to be reported as wages for Federal Income Tax purposes on Federal Form W-2.

(a) If not claimed as part of the cost of goods sold or elsewhere in the return filed, there may be claimed and allowed a reasonable deduction for depreciation, depletion, obsolescence, losses resulting from theft or casualty not compensated by insurance or otherwise, of property used in the trade or business, but the amount may not exceed that recognized for Federal Income Tax purposes. Provided, however, that loss on the sale, exchange or other disposition of depreciable property or real estate, used in the taxpayer's business shall not be allowed as a deductible expense.

(b) Current amortization of emergency facilities under the provision of the Internal Revenue Code, if recognized as such for Federal Income Tax purposes, may be included as a deduction expense thereunder.

(c) Where depreciable property is voluntarily destroyed only the cost of such demolition and the un-depreciated balance thereof will be allowed as an expense in the year of such demolition, to the extent allowable for Federal Income Tax purposes.

(d) Bad debts of a reasonable amount may be allowed in the year ascertained worthless and charged off, or if the reserve method is used, a reasonable addition to the reserve may be claimed, but in no event shall the amount exceed the amount allowable for Federal Income Tax purposes.

(e) Only taxes directly connected with the business may be claimed as a deduction. If for any reason the income from property is not subject to the tax, then taxes on and other expenses of said property are not deductible. The following taxes are not deductible from income:

- (1) the tax under the ordinance;
- (2) Federal, State or other taxes based upon income;

gift, estate or inheritance taxes; and

taxes or assessments for direct benefits or improvements to property that tend to appreciate the value thereof.

(f) In general, non-taxable income and expenses incurred in connection therewith are not to be considered in determining net profits.

(g) If the taxpayer reports income that is non-taxable under the ordinance and such amounts are deducted in order to reconcile the Village's tax return with the taxpayer's Federal Income Tax return, expenses attributable to this non-taxable income shall not be allowed. In the absence of records showing the actual expenses attributable to such non-taxable income, and upon approval of the Administrator, such amount shall be deemed to equal five percent of such non-taxable income.

(h) Corporate contributions not to exceed five percent of the taxable income before the deduction is made to qualified charitable organizations recognized as such by the Internal Revenue Service will be permitted as a business expense.

(i) Capital gains and losses from sale, exchange or other disposition of property shall not be taken into consideration in arriving at net profits earned. Any amount received on a sale or other disposition of tangible personal property and/or real property used in business, in excess of book value, shall be treated as taxable income under the ordinance to the extent of depreciation allowable under the ordinance. The balance shall be treated as capital gain. Gains or losses from involuntary conversion shall not be taken into consideration in arriving at net profits.

#### ARTICLE 4:00 Determination of Allocation of Tax

A request to change the method of allocation must be made in writing and submitted to the Administrator before the end of the taxable year.

##### 4:01 Separate Accounting Method

A. The net profits allocable to the Village from business, professional, or other activities conducted in said Village by corporations or unincorporated entities (whether resident or non-resident) shall be determined from the records of the taxpayer if the taxpayer has bona fide records which disclose with reasonable accuracy what portion of his net profits is attributable to that part of his activities conducted within said Village.

If the books and records of the taxpayer are used as the basis for apportioning net profits rather than the business allocation formula, a statement must accompany the return explaining the manner in which such apportionment is made in sufficient detail to enable the Administrator to determine whether the net profits attributable to the Village are apportioned with reasonable accuracy.

C. In determining the income allocable to the Village from the books and records of a taxpayer an adjustment may be made for the contribution made to the production of such income by headquarters activities of the taxpayer, whether such headquarters is within or without said Village.

##### 4:02 Business Allocation percentage Method (To be used if unable to conform to Article 4:01 hereof.)

#### A. Step 1:

Ascertain the percentage which the average net book value (the total cost of an asset less accumulated depreciation, as reported by the entity for Federal Income Tax purposes) of real and tangible personal property, including leasehold improvements, owned or used in the business and situated within said Village is of the average net book value of real and tangible personal property, including leasehold improvements, owned or used in the business wherever situated, during the period covered by the return. Average net book value of property may be computed on a monthly, quarterly, semi-annual, or annual basis, provided such method is consistently followed each year.

1. The percentage of the taxpayer's real and tangible personal property within the Village is determined by dividing the average net book value of such property within the Village (without deduction of any encumbrances) by the average net book value of all such property within and without the Village. In determining such percentage, property rented to the taxpayer as well as real and tangible personal property owned by the taxpayer must be considered.

(a) The net book value of real and tangible personal property rented by the taxpayer shall be determined by multiplying gross annual rents as deducted for Federal Income Tax purposes by eight.

(b) Gross annual rents means the actual sum of money or other consideration payable, directly or indirectly, by the taxpayer for the use or possession of property and includes:

(1) Any amount paid for the use or possession of real and tangible personal property or any part thereof, whether designated as a fixed sum of money or as a percentage of sales profits or otherwise.

(2) Any amount paid as additional rent or in lieu of rent such as interest, taxes, insurance, repairs, or other amounts required to be paid by the terms of a lease or other arrangement.

#### B. Step 2:

Ascertain the percentage which the total wages, salaries, commissions, other income and other compensation of employees within the Village is of the total wages, salaries, commissions, other income and other compensation of all the taxpayer's employees within and without the Village during the period covered by the return.

(1) Salaries and reasonable compensation paid owners or credited to the account of owners or partners during the period covered by the return are considered wages for the purpose of this computation.

(2) Wages, salaries, other income, and other compensation shall be computed on the cash or accrual basis in accordance with the method of accounting used in the computation of the entire taxable income or loss of the taxpayer.

(3) In the case of an employee who performs services both within and without the Village, the amount treated as compensation for services performed within the Village shall be deemed to be:

(a) In the case of an employee whose compensation depends directly on the volume of business secured by him, such as a salesman on a commission basis, the amount received by him for the business attributable to his efforts within the Village.

(b) In the case of an employee whose compensation depends on other results achieved, the proportion of the total compensation received which the value of his services within the Village bears to the value of all his services.

(c) In the case of an employee compensated on a time basis, the proportion of the total amount received by him for time worked within the Village to his total working time.

### C. Step 3:

Ascertain the percentage which gross receipts or sales of the taxpayer derived from sales made and services rendered in the Village is of the total gross receipts or sales wherever derived during the period covered by the return, (i.e. line 1 of the entity's Federal Tax Return as filed). See Article 4:03 and 4:04 hereof. Income not taxable and deducted on Schedule X is not to be included in Schedule Y.

### 4:03 Sales made in the Village

A. All sales made through retail stores located within the Village to purchasers within or without said Village except such of said sales to purchasers outside of the Village that are directly attributable to regular solicitations made outside the Village personally by the taxpayer's employees.

B. All sales of tangible personal property delivered to purchasers within the Village if shipped or delivered from an office, store, warehouse, factory, or from any other place of business or place of storage located within the Village.

C. All sales of tangible personal property delivered to purchasers within the Village even though transported from a point outside of the Village if the taxpayer is regularly engaged through its own employees in the solicitation or promotion of sales within the Village and the sale is directly or indirectly the result of such solicitation.

D. All sales of tangible personal property shipped from an office, store, warehouse, factory or from any other place of business or place of storage within the Village to purchasers outside of the Village if the taxpayer is not, through its own employees, regularly engaged in the solicitation or promotion of sales at the place of delivery.

All solicitation of customers outside of the Village by mail, telephone, fax, electronic mail or other electronic media from an office or place of business within the Village shall be considered a solicitation of sales within the Village.

E. Charges for work done or services performed incident to a sale, whether or not included in the price of the property shall be considered gross receipts from such sales.

F. In the application of the foregoing subparagraphs a carrier shall be considered the agent of the seller regardless of the freight on board point or other conditions of the sale; and the place at which orders are accepted or contracts legally consummated shall be immaterial.

### 4:04 Total Allocation

#### A. Step 4:

Add the percentage determined in accordance with Steps 1, 2 and 3 in Articles 4:02 and 4:03 or such of the aforesaid percentages as may be applicable to the particular taxpayer's business and divide the total so obtained by the number of percentages added in ascertaining said total. The result so obtained is the business allocation percentage. In determining the average percentage, however, if one of the factors, (property, receipts or payroll) is not applicable, the other two percentages are added and the sum is divided by two, and if two of the factors are not applicable the remaining percentage is the business allocation percentage.

#### B. Step 5:

The business allocation percentage determined in Step 4 above shall be applied to the entire taxable net profits of the taxpayer wherever derived to determine the net profits allocable to the Village.

#### C. Substitute Method

(a) In the event a just and equitable result cannot be obtained under the formula, the Board of Review, upon application of the taxpayer or the Administrator, may substitute other factors in the formula or prescribe other methods of allocating net income calculated to effect a fair and proper allocation.

(b) Application to the Board of Review to substitute other factors in the formula or to use a different method to allocate net profits must be made in writing not less than sixty days before the end of the taxable year and shall state the specific grounds on which the substitution of factors or use of a different method is requested and the relief sought to be obtained. A copy thereof shall be served at the time of filing upon the taxpayer or Administrator as the case may be. No specific form need be followed in making such application.

Once a taxpayer has filed under a substitute method, he must continue to file until given permission to change. In the event a substitute method of allocation is authorized, a statement should be attached to each annual return indicating that the allocation is in conformity with the ruling and setting forth the date of the ruling.

4:05 See Article 5:00 Rentals From Real Property

#### 4:06 Operating Loss Carry Forward

A. The portion of loss based on income taxable under the ordinance, sustained in any taxable year subsequent to the effective date of the income tax ordinance, and allocable to the Village may be applied against the portion of the profit of succeeding year(s) allocable to said Village until exhausted, but in no event for more than five years. No portion of a net operating loss shall be carried back against net profits of prior years.

The loss may continued to be carried forward in subsequent years only when in each year following that in which the loss occurred the taxpayer has offset the profits of such years up to the entire amount of such profit by the amount of carry forward loss needed to offset such profit. Any amount of carry forward loss not so used is lost for subsequent years.

When succeeding losses are experienced, the first year loss can be carried forward for five years, and the second, third, etc. need not be claimed until the first year loss has been used up. However, even in

such cases the five-year limitation is followed.

B. In the event net profits are allocated both within and without the Village, the portion of net operating loss sustained shall be allocated to the Village in the same manner as provided therein for allocating net profits to said Village. The portion of a net operating loss to be carried forward shall be determined in the year the net operating loss is sustained, on the basis of the allocation factors applicable to that year.

C. In the case of fiscal years beginning prior to the effective date of the ordinance, the net operating loss deduction will be that portion of the operating loss that the number of months of the fiscal year after the effective date of the ordinance bears to the total number of months in such fiscal year.

1. A short fiscal year (fiscal year of less than twelve months) in cases where there has been a change in accounting period, where a new taxpayer selects a short fiscal year, or where a new taxpayer operates in the Village for less than his full accounting period, shall be considered as a full taxable fiscal year.

D. In any return in which a net operating loss deduction is claimed, a schedule should be attached showing:

1. Each year in which the net operating loss was sustained.

2. Method of accounting and allocation used to determine portion of net operating loss allocable to the Village.

3. Amount of net operating loss used as a deduction in prior years.

4. Amount of net operating loss claimed as a deduction in the current year.

E. The five year loss carry forward will not be allowed unless all Net Profit tax returns for the business have been timely filed.

Individuals with Federal Schedule C income, and/or Federal Schedule K-1 income, and/or Federal Schedule E rental income must also timely file all municipal income tax returns prior to taking a loss carry forward. Any loss carry forward will be disallowed if all municipal income tax returns were not timely filed.

F. Loss from one Village may never be used to offset a gain in another community.

Partnership and S Corporation distributive share losses are not deductible from an individual's rental or sole proprietorship income.

G. The net operating loss of a business which loses its identity through merger, consolidation, etc., shall be allowed as a carry forward loss deduction to the surviving business entity to the extent permitted by the Internal Revenue Code.

H. In the case of a net operating loss in the filing of consolidated returns, see Article 7:04 hereof.

## ARTICLE 5: Rentals from Real Property

A. Rentals received by the taxpayer are to be included in the computation of net profits from business activities only if and to the extent that the rental, ownership, management or operation of the real estate from such rentals are derived (whether so rented, managed or operated by the taxpayer individually or through agents or other representatives) constitutes a business activity of the taxpayer in whole or in part.

B. Where the gross monthly rental of any real properties, regardless of number and value aggregate in excess of (see rental schedule) per month in any one month of a taxable year, it shall be prima facie evidence that the rental, ownership, management or operation of such rental properties shall be subject to tax; provided that in case of commercial property, the owner shall be considered engaged in a business activity when the rental is based on a fixed or fluctuating percentage of gross or net sales, receipts or profits of the lessee, whether or not such rental exceeds (see rental schedules) per month; provided, further, that in the case of farm property, the owner shall be considered engaged in a business activity when his shares in crops or net income exceed (see rental schedule) per month; and provided, further that the person who operates a licensed rooming house shall be considered in business whether or not the gross income exceeds (see rental schedule) per month.

1. The test of whether rental income constitutes a business activity is determined by the property or properties without regard to the number of registered owners of property. The tax is then imposed against the business entity and not the separate owners (e.g., when husband and wife own properties, under no formal agreement, which yields in excess of (see rental schedule) in any month of the taxable year, one tax return must be filed that includes the tax liability for all of the properties so owned).

C. In determining the amount of gross monthly rental of any real property, periods during which (by reason of vacancy or any other cause) rentals are not received shall not be taken into consideration by the taxpayer.

D. Rentals received by a taxpayer engaged in the business of buying and selling real estate shall be considered as part of business income.

E. Real property, as the term is used in this regulation, shall include commercial property, residential property, farm property, oil and gas wells, easements, licenses, concession agreements, and any and all other types of real estate.

F. In determining the taxable income from rentals, the deductible expenses shall be of the same nature, extent and amount as allowed by the Internal Revenue Service for Federal Income Tax purposes. Passive losses as defined by Internal Revenue Service Code are not deductible in this determination.

G. Owners of rental property who are non-residents of a taxing community, whether individuals or business entities, are subject to tax only on the income from real property located in said Village and, in determining whether gross monthly rentals exceed Village limits (see rental schedule) shall take into consideration only the income from such properties located within said Village.

H. Owners of rental property who are residents of the Village are subject to tax on the net income from rentals (to the extent above specified), regardless of the location of the real property owned excepting that, if any such property is located in and subject to a municipal income tax by another taxing municipality credit shall be claimed for tax due or paid such other taxing municipality in accordance with Article 11 hereof.

I. Owners of rental property who are residents of said Village may offset net losses against net profits from all rental property located within said Village and any other municipality which does not levy a similar tax. Net profits and losses from one Village property and/or property in a nontaxing municipality may not be combined with net profits and losses in other municipalities levying a similar tax.

J. Owners of rental property who are not residents of the Village that the property is located in may offset net losses against net profits only between rental properties located in said Village.

K. Associations and corporations and any other form of business entity engaged in the business of owning or managing real estate are taxable only on the portion of income derived from property located in the Village.

L. Any person receiving rental income from any property, irrespective of the rental amount limitation, must file a return whether or not there is any tax due.

## ARTICLE 6: EXCEPTIONS

### 6:01 Income, Members of Armed Forces and Certain Institutions

A. All military pay and allowances of any member of the Armed Forces and of any member of the respective components of the Armed Forces of the United States, including the Ohio National Guard, for active duty as defined by Federal law is exempt from the tax imposed by the ordinance. This exemption includes not only the military pay and allowances received by the members themselves, but also military pay and allowances, such as dependency allowances, received by another person by reason of the member's service. Any bonus or additional compensation paid to a person by the United States, State of Ohio, or any other state for active duty in the Army, Navy, or Air Force, shall also be exempt from tax. Income received on account of inactive duty is taxable.

B. The income of religious, fraternal, charitable, scientific, literary or educational institutions is exempt from the tax imposed by the ordinance to the extent that such income is derived from tax exempt real estate, tax exempt tangible or intangible property or tax exempt activities. The income and profits of organizations exempt from Federal Income Tax under Section 501(a) of the Internal Revenue Code shall be exempt from taxation under the ordinance.

C. Income received by the Federal government, its agencies, the State or its agencies or political subdivisions shall be exempt from taxation under the ordinance.

### 6:02 Payments From Governments and Certain Organizations

A. Payments for the relief of poverty, unemployment insurance benefits, old age pensions or similar payments, including permanent disability benefits, received from local, state, or federal governments or charitable, religious or educational organizations are exempt from the tax imposed by the ordinance. The exempted benefits include all types of payments and allowances made or given by such governments or organizations for the relief or correction of poverty, unemployment, delinquency, problems of health or advanced age, lack of education and similar problems. The exempted benefits include, for example, aid to dependent children and the aged; rent, food and clothing allowances or subsidies; job training allowances; Social Security and Medicare benefits; and workmen compensation benefits.

B. Salaries and wages not considered received by the individual member but by the religious order of organization under a vow of poverty are exempt from the tax imposed by the ordinance. Housing allowances for clergy to the extent that the allowance is used to provide for a home are exempt from the tax imposed by the ordinance.

#### 6:03 Insurance and Annuity Proceeds, Certain Employee Benefits and Gifts.

A. The following additional items are specifically exempted from the tax imposed by this ordinance:

- (1) Proceeds of insurance paid by reason of the death of the insured;
- (2) Distributions from pension plans reported to the payee on Federal Form 1099-R or substantive equivalent;
- (3) Death benefits made to the beneficiary of an employee; disability benefits (not under a wage continuation plan), the proceeds of health and accident insurance and similar benefits received by a retired employee (or to the beneficiary of an employee) after the employee has reached the employer's minimum retirement age, and that are reported on Federal Form 1099-R or its substantive equivalent;
- (4) Annuities not in the nature of compensation for services rendered;
- (5) Inheritance, bequest of cash or property received under a will or under the Statute of Descent and Distribution;
- (6) Scholarships and student grants-in-aid, but not fellowships described in Article 3:01 (B)(4)(f) hereof;
- (7) Compensation not exceeding \$1,000.00 annually for serving as a precinct election official;
- (8) Compensation paid to an employee of a transit authority, regional transit authority or regional transit commission created under Chapter 306 of the Ohio Revised Code for operating a transit bus or other motor vehicle for the authority or commission in or through the municipal corporation, unless the bus or vehicle is operated on a regularly scheduled route, the operator is subject to such a tax by reason of residence or domicile in the municipal corporation, or the headquarters of the authority or commission is located within the municipal corporation;
- (9) Religious offerings, which are goodwill offerings made by individuals for performance of religious ceremonies such as baptisms, weddings, funerals, etc. received by clergy are considered unearned income and are not taxable;
- (10) Gifts not in connection with services rendered or work performed are exempt.

B. The following items are not exempt from the tax imposed by the ordinance (this an not an exhaustive list):

- (1) Benefits under a wage continuation plan;
- (2) Deferred compensation of any kind, whether deferred under a retirement plan or under any other type of compensation arrangement or contract, including any qualified or nonqualified deferrals made by an employer or the employee or both;

(3) Supplemental unemployment benefits;

(4) Payments for longevity;

(5) Severance pay;

(6) Disability benefits paid prior to the employee attaining the employer's minimum retirement age (considered sick pay and not exempt);

(7) Contributions to S.T.R.S and P.E.R.S. made on behalf of a public employee by a public employer ('picked up on behalf of an employee') are not excludable from gross income and are subject to withholding requirements.

#### 6:04 Receipts of Certain Organization and Associations

Receipts from seasonal or casual entertainment, amusement, sports events and health and welfare activities, when any such are conducted by governmental, charitable, religious or educational organizations or associations (and receipts are payable to the organization or association) are exempt from the tax imposed by the ordinance. This exemption refers only to the receipts of the organization payable to the organization and not to the compensation of employees. (Promoters see Article 8.02, Entertainers)

#### 6:05 Alimony

Alimony received is exempt from the tax imposed by the ordinance. Support payments made by one spouse for the benefit of the other spouse or children in connection with any divorce or separation, whether or not awarded by the court, shall be deemed alimony for purposes of this exemption.

#### 6:06 Natural Persons Under Age 18

Personal earnings of any natural person under 18 years of age are exempt from the tax imposed by the ordinance.

#### 6:07 Personal Injuries and Damage to Property

Compensatory damages from personal injuries or for damages to property by way of insurance or otherwise are exempt from the tax imposed by the ordinance. Punitive damages are not exempt from taxation.

#### 6:08 Interest, Dividends and Other Revenue From Intangible Property.

Income from intangibles by way of dividends, interest and such other intangible income subject to taxation under the intangible personal property laws of the State of Ohio or specifically exempt from municipal taxation under said law are exempt from the tax. Distributive share income from S Corporations is treated the same as income from a partnership and is not considered intangible income and is not exempt from taxation.

#### 6:09 Involuntary Conversion and Other Exemptions

Gains from involuntary conversion, cancellation of indebtedness to the extent exempt from Federal Income Tax, interest on Federal obligations, items of income already taxed by the State of Ohio which the Village is specifically prohibited from taxing, and income of a decedent's estate during the period of administration (except income from the operation of a business) are exempt from the tax imposed by the ordinance.

#### 6:10 Taxation Prohibited by the Federal Government

Salaries, wages, commissions, other compensation, other income and net profits, the taxation of which is prohibited by the United States Constitution or any Act of Congress limiting the power of the States or their political subdivisions to impose net income tax on income derived from interstate commerce, are exempt from the tax imposed by the ordinance.

#### 6:11 Taxation Prohibited by the State of Ohio

Salaries, wages, commissions and other compensation, other income and net profits, the taxation of which is prohibited by the Constitution of the State of Ohio or any act of the Ohio General Assembly limiting the power of a municipality to impose net income taxes, are exempt from the tax imposed by the ordinance.

#### 6:12 General

No person or item of income shall be exempt from the imposition of this income tax unless specifically excluded or exempted by the laws of the United States or the State of Ohio, the municipality's ordinance or these Rules and Regulations. Upon request of the Administrator, any person who claims exemption from tax under the ordinance shall provide detailed information to show the basis of such claim. The information shall be furnished on a form supplied by the Administrator and be returned within thirty days after receipt of the request.

### ARTICLE 7:00 RETURNS

#### 7:01 Dates and Requirements For Filing

A. On or before April 30th of the year following the effective date of the ordinance and on or before April 30th of each year thereafter, every person subject to the rate and income taxable provisions of the ordinance shall, except as herein provided, make and file with the Administrator, a return on a form prescribed by and obtainable upon request from the Administrator, whether or not a tax is due.

B. If a return is made for a fiscal year or any period less than a year, said return shall be made within four months from the end of each fiscal year or other period.

C. Every person subject to the provisions of the rate and income taxable section of the ordinance shall, except as herein provided, file a return setting forth the aggregate amount of salaries, wages, commissions and other income, net profits from business or other activities, including the rental from use of real and tangible personal property, and other income taxable under the ordinance, for the period covered by the return and such other pertinent facts and information in detail as the Administrator may require.

D. Where an employee's entire taxable earnings for the tax period are from an employer or employers, and the current rate of tax thereon has in each instance been withheld and deducted by the employer or employers from the gross amount of the entire taxable earnings of such employee, and where the employer or employers of such employee filed a report or return in which such employee's entire taxable earnings were reported to the Administrator and the tax so withheld paid to the Administrator, and where such employee has no taxable income other than such earnings; such employee need not file a return with the employment city. The exception to this rule is the filing requirements of the community of residence. (see Article 11:00)

E. An individual taxpayer who is permitted for Federal Income Tax purposes to deduct certain business expenses from gross wages, salaries, or commissions, may file a copy of Federal Income Tax Form 2106 or its equivalent form, or an itemized statement of expenses with the municipal income tax return, claiming only deductions allowable to the same extent allowed as deductions for Federal Income Tax purposes, no matter whether all or part of such wages, salaries, or commissions are subject to withholding.

F. City income tax withheld on moving expenses reimbursed by the employer for transport, storage, travel or lodging expenses and so indicated on Federal Form W-2, Federal Form 3903 or its equivalent form, are taken into consideration when refunds are requested.

G. Except as otherwise provided, a return must be filed by an employee who has taxable income not subject to withholding under the ordinance.

H. Any taxpayer having income, wages or other compensation, or other income for which a return must be filed, and also having net profits from a business, may report the wage income, other compensation, other income and business operation income on the same return. However, business losses cannot be offset against wage or other non-business income. Losses are to be treated in accordance with Article 4:06 of these Rules and Regulations and the applicable ordinance.

I. Except as otherwise provided, the tax is imposed on the unincorporated business, partnership, or association as an entity, whether resident or non-resident, and a return is required disclosing the net profits allocable to the Village and tax paid thereon. However, any owner or partner of an unincorporated business is required to file a return and pay the tax thereon to his community of residence on such income allocable outside of the Village and not previously subject to tax by the taxpayer's residence community in accordance with Articles 3:04 and 3:06 hereof.

J. Trustees of a trust and executors and administrators of estates having taxable income are required to file a return and pay the tax thereon.

K. Unreimbursed moving expenses reported on Internal Revenue Service Form 3903 or its equivalent are deductible to the extent allowed under Federal guidelines. Form 2106 business expenses are deductible as to the extent allowed under Federal guidelines.

#### 7:02 Information Required and Reconciliation With Federal Returns.

A. In returns filed hereunder, there shall be set forth the aggregate amount of salaries, wages, bonuses, incentive payments, commissions, fees and other compensation subject to the tax earned from each employer, other income, taxable net profits and other pertinent information as the Administrator may require.

B. Where figures of total income, total deductions, and net profits are included as shown by a Federal return, then any items of income that are not subject to municipal income tax and any unallowable expenses shall be eliminated in determining net income subject to municipal tax. The fact that a taxpayer is not required to file a Federal tax return does not relieve him from filing a municipal income tax return provided he has income as defined in the rate and income taxable provisions of the ordinance.

C. If a change in Federal income tax liability, as finally determined by the Internal Revenue Service, or by a judicial decision, results in an additional amount of tax payable to the Village, a report of such change shall be filed by the taxpayer within three months from the final determination of the Federal tax liability. See Article 10:01 hereof.

D. If a change in Federal income tax liability results in a reduction of taxes owed and paid to the Village, a claim for refund shall be filed with the Administrator as prescribed in the refunds and overpayments sections of the ordinance and Article 10:02 of these Rules and Regulations.

E. Where the credit is claimed for taxes due or paid another taxing municipality the amount of such credit shall be determined and claimed in accordance with Article 11 hereof.

F. Every taxpayer must retain records necessary to compute his tax liability or to justify an exemption certificate for a period of five years from the date the return is filed or the taxes withheld are paid, whichever is later.

#### 7:03 Extensions

Upon written request of the taxpayer made on or before the date for filing the return, and for good cause shown, the Administrator may extend the time for filing such return for a period not to exceed six months, or to one month beyond any extension requested of or granted by the Internal Revenue Service. Whenever he deems necessary, the Administrator may require a tentative return accompanied by the payment of the estimated taxes. No penalty will be assessed in those cases in which the return is filed and the final tax paid within the period as extended provided all other filing and payment requirements of the ordinance have been met. In any event, such payments made after the due date shall be subject to interest charges as provided in Article 9 hereof or as provided by ordinance. The Administrator will honor a copy of the Federal automatic extension of time. If any additional time is requested Form CCA 120-26 must be submitted for each request.

#### 7:04 Consolidated Returns

A. Consolidated returns may be filed by a group of corporations who are affiliated through stock ownership and who file as a consolidated group for Federal Income Tax purposes. For a subsidiary corporation to be included in a consolidated return, 80% of its stock must be owned by the other members of the affiliated group. A consolidated return must include all companies that are so affiliated, along with all required schedules and amount and manner of determining income subject to municipal income tax.

B. Once a consolidated return has been filed for any taxable year, the consolidated group must continue to file consolidated returns in subsequent years unless:

1. Permission in writing is granted by the Administrator to file separate returns; or

2. A new corporation other than a corporation created or organized by a member of the group has

become a member of the group during the taxable year; or

3. A corporate member of the group is sold or exchanged. Liquidating a corporation or merging one of the corporations of the group into another will not qualify the group for filing separate returns.

Members of a group filing consolidated returns who begin to file separate returns under one of the provisions contained herein shall indicate on their separate returns the change in status and identify the previous consolidated return group.

C. If a corporation becomes a member of the group during the taxable year, the consolidated return must include the income for the entire taxable year of the common parent corporation and any subsidiaries which were members of the group for the entire year, plus the income of each subsidiary which becomes a member of the group during the year for the period beginning with the date each subsidiary became a member of the affiliated group. For the period prior to the time any subsidiary became a member of the group, separate returns must be filed for that subsidiary. When a subsidiary ceases to be a member of the affiliated group, the consolidated return must include the income of such subsidiary for the period during which it was a member of the group; but for the period after it ceases to be a member, separate returns must be filed.

If a corporation has been a member of the affiliated group for less than one month of the taxable year of the group, it may be considered as not being part of the group. Similarly, a subsidiary may be considered as being a member of the affiliated group during the entire taxable year of the group if the period during which it was not a member of the group does not exceed one month.

If a subsidiary is a member of the consolidated group for only part of a taxable year, the income considered to be earned in such fractional part of the year shall be that portion of the net income for the entire year which the number of days it was a member of the group bears to the total number of days in the taxable year.

D. In determining the allocation fraction where a corporation becomes a member of the group or ceases to be a member of the group during a taxable year, the property fraction (step 1 of the formula) shall be determined on the basis of the average net book value of the property during the period such corporation was a member of the group. The rental portion of the fraction, however, shall be computed at eight (8) times the annual rent. The gross receipts and wage fractions shall be based on the actual figures.

E. All subsidiary corporations must agree in writing to the filing of the consolidated return, in accordance with Federal Income Tax guidelines, as they will be liable for the tax as well as will be the parent corporation.

F. The net operating loss carry forward of a corporation which filed a separate return in a prior year may be carried over to a consolidated return year to the extent permitted by the Internal Revenue Code, but not to exceed the limitation of the operating loss carry forward provisions of the ordinance.

For purposes of this rule, to the extent that the loss can only be carried forward to the same corporation's taxable net income, the net income attributable to the Village in a year a loss is being utilized shall be computed by using only the same corporation's net income and allocation method.

G. In consolidating the net income, the taxable income of each corporation shall be computed in accordance with the provisions governing the taxable income of separate corporations except that there shall be eliminated unrealized profits and losses in transactions between members of the affiliated group.

H. In determining expenses that are not allowable because they are allocable to non-taxable income, such calculations shall be based on the consolidated net income. As an example, inter-company dividends that are eliminated in consolidation will not be taken into consideration in determining non-taxable income.

#### 7:05 Allocation of Net Profits By Administrator

In case of a corporation that carried on transactions with its stockholders or with other corporations related by stock ownership, interlocking directorates, or some other method, or in the case of an entity that operates a division, branch, factory, office, laboratory or activity within a Village constituting a portion only of its total business, the Administrator shall require such additional information as he may deem necessary to ascertain whether net profits are properly allocated to a Village.

If the Administrator finds that net profits are not properly allocated to the Village by reason of transactions with stockholders or with other corporations related by stock ownership, interlocking directorates, or transactions with such divisions, branches, factory, office, laboratory or activity or by such other method, he shall make such allocation as he deems appropriate to produce a fair and proper allocation of net profits to the Village.

#### 7:06 Amended Returns

A. Where necessary an amended return must be filed in order to report additional income and pay any additional tax due, or claim a refund of tax overpaid, subject to the requirements and/or limitations contained in the ordinance. Such amended return shall be on a form obtainable on request from the Administrator. A taxpayer may not change the method of accounting or apportionment of net profits after the due date for filing the original return.

B. Within three months from the final determination of any Federal tax liability affecting the taxpayer's municipal tax liability, such taxpayer shall make and file an amended municipal income tax return showing income subject to the municipal income tax based upon such final determination of Federal tax liability, and pay any additional tax shown due thereon or make claim for refund of any overpayment.

### ARTICLE 8:00 PAYMENT OF TAX

#### 8:01 Payment With Return

A. The payment due at the time of filing the return shall be the amount of the tax:

1. withheld by the employer from employee wages pursuant to the provisions of the ordinance;
2. the amount due on a declaration of estimated income tax after taking into consideration any overpayment of previous years' tax which has not been otherwise applied, less amounts paid previously on said declaration.

B. Except as otherwise provided, should the return indicate an overpayment of the tax to which the Village is entitled under the provisions of the ordinance, such overpayment may be applied against a subsequent liability or at the election of the taxpayer and so indicated on the return, such overpayment

(or portion thereof) shall be refunded. See Article 10 hereof. Provided however, that no additional taxes or refunds of less than One Dollar (\$1.00) shall be collected or refunded (see applicable municipal ordinance).

C. Whenever the ordinance or these regulations require filing a return or payment of tax to the Administrator, or to the Village, such returns and/or payments for the municipalities in the Central Collection Agency shall be made directly to The Central Collection Agency, 1701 Lakeside Avenue, Cleveland, OH 44114, or, if instructed, to the Village of Grand Rapids, PO Box 309, Grand Rapids, Ohio 43522.

#### 8:02 Withholding Collection at Source

A. It is the duty of each employer who employs one or more persons on a salary, wage, commission, or other compensation basis to deduct each time any such compensation is paid to or earned and deferred by an employee subject to the ordinance, the tax at the current rate from such salary, wage, bonus, incentive payment, commission or other compensation due by said employer to said employee, together with the tax at the current rate from the tips or gratuities reported to said employer by each said employee for Social Security, Medicare or Federal Income Tax purposes and shall make a return and pay to the Administrator the amount of taxes so deducted.

1. The tax shall be calculated on the gross amount of all salaries, wages, bonuses, incentive payments, commissions or other form of compensation paid to or earned and deferred by an employee who is a resident of the Village regardless of the place where the services are rendered.

2. The tax shall be calculated on the gross amount of all compensation paid to or earned and deferred by an employee who is a non-resident of the employment community for services rendered, work performed, or other activities engaged in to earn such compensation within said employment community.

3. Employers are required to withhold on the value of non-cash compensation such as the value of an employee's personal use of a vehicle owned or leased by an employer.

B. All employers within or doing business within a Village are required to make the collections and deductions specified in this Article, regardless of the fact that the services on account of which any particular deduction is required as to residents of the Village were performed at a place of business of any such employer situated outside said Village.

Employers who do not maintain a permanent office or place of business in the Village, but who are subject to tax on net profits under the ordinance, are considered to be employers within the Village subject to the requirement of withholding.

C. The mere fact that tax is not withheld will not relieve the employee of the responsibility of filing a return and paying the tax on the compensation earned.

D. All individuals, businesses, employers, brokers or others doing business who engage persons, either on a commission basis or as independent contractors, sub-contractors, or contract employees who are not subject to withholding shall indicate the total amount of earnings, payments, commissions and bonuses to residents of the Village (or to non-residents who do business in the Village) on copies of Federal Form 1099 or successor form, or shall attach a list which shall indicate social security numbers, names, addresses and amounts paid.

E. In the case of employees who are non-residents of the Village, the amount to be deducted is the current rate of tax on the compensation paid or earned and deferred with respect to personal services rendered in the Village.

Where a non-resident receives compensation for personal services, rendered or performed partly within and partly outside the Village, the withholding employer shall withhold, report and pay the tax on that portion of the compensation which is earned within the Village in accordance with the following rules of apportionment:

1. Employees Compensated on an Hourly, Daily, Weekly, or Monthly Basis.

(a) General Rule

The deduction and withholding shall attach to the personal service compensation for the exact amount of compensation paid or earned and deferred for services performed in the Village, when such exact amount of compensation can be established. When no such exact determination of amounts earned or derived in the Village is possible, the income of employees who are compensated on an hourly, daily, weekly or monthly basis must be apportioned to the Village as follows:

Multiplying the gross income, wherever earned from the employment which includes employment carried on in the Village, by a fraction, the numerator of which is the number of days spent working in the Village and the denominator of which is the total working days (including holidays, vacation days, sick days and paid or unpaid leave).

The total number of working days should not exceed 260 days, unless for travel outside the United States. In those cases in which the employee is required to travel outside of the United States, the total weekend days in which the employee was required to work while outside of the United States must be added to both the numerator and the denominator.

The result is the amount of the non-resident's income allocable to the Village.

(b) Apportionment Where Employee Performs Services In More Than One Village Each Day.

In the case of an employee compensated hourly, daily, weekly, or monthly, who regularly performs services in more than one taxing community each day, income is apportioned to the Village by multiplying the gross income, wherever earned, from the employment which includes employment carried on in the Village, by a fraction, the numerator of which is the number of hours spent working in the Village and the denominator of which is the total number of working hours.

2. Salespersons

If the non-resident is a salesman, agent or other employee whose compensation on the basis of commissions depends directly on the volume of business transacted by him, the deduction and withholding shall attach to the portion of the entire compensation which the volume of business transacted by the employee within the Village bears to the volume of business transacted by him within and outside of the Village.

3. Real Estate Agents

For non-resident licensed real estate agents who are non-employees or independent contractors (i.e. non-employee agents, or independent agents) the municipal income tax is imposed on any income

(commission or otherwise) earned as a result of the sale of real property located within a taxing community. The tax is imposed on the agent's income resulting from the sale of property that is physically located within the taxing community, regardless of where the office or offices of the agent is or are located.

For non-resident licensed real estate agents who are employees of a real estate brokerage or real estate company, the municipal income tax is imposed on any salary, commission, or other compensation earned, as a result of the employer's maintenance of an office in the taxing community.

#### 4. Over the Road Drivers

Over the road intrastate drivers and other similarly situated employees reporting to a terminal, warehouse, or office in the Village must have a minimum of 25% of wages withheld and allocated to the Village.

#### 5. Self-Employed Non-Residents Carrying on a Trade or Business Within the Village and Elsewhere.

See Article 4:00, et seq., hereof.

#### 6. Professional Athletes.

In the case of employees who are non-resident professional athletes, the deduction and withholding of personal service compensation shall attach to the entire amount of compensation earned for games that occur in the Village. In the case of a non-resident athlete not paid specifically for the game played in a Village, the following apportionment formula must be used:

The compensation earned and subject to tax is the total income earned during the taxable year, including incentive payments, signing bonuses, reporting bonuses, incentive bonuses, roster bonuses and other extras, multiplied by a fraction, the numerator of which is the number of exhibition, regular season, and post-season games the athlete played (or was available to play for his team, as for example, with substitutes), or was excused from playing because of injury or illness, in the Village during the taxable year, and the denominator of which is the total number of exhibition, regular season, and post-season games which the athlete was obligated to play under contract or otherwise during the taxable year, including games in which the athlete was excused from playing because of injury or illness. For purposes of these Rules and Regulations, exhibition games include only those games played before a paying audience, and played against another professional team from the same professional league.

In the case of non-resident salaried athletic team employees who are not professional athletes, deduction and withholding shall attach to personal service income in the manner set forth in Paragraph 1(a), supra.

#### 7. Entertainers

1.(a) Any person who shall employ or contract for the services of any entertainer, entertainment act, sports event, promotional booth, special event, band, orchestra, rock group, theatrical performance, lecturers, speakers, etc. (this is not an exhaustive list of types of entertainers required to withhold, report or pay over a municipal income tax) shall be deemed to be an employer and shall, for purposes of the collection of the income tax, be required to withhold, report and pay over to the Administrator the tax at the applicable rate on the gross amount so paid on the completion of the engagement, said reports to be on forms provided by the Administrator.

(b) Any person who, acting as a promoter, booking agent or employer, engages the services of or arranges the appearance of any entertainer, entertainment act, sports event, band, orchestra, rock group, theatrical performance, etc., in the Village, and who makes any payment arising from said appearance shall be deemed to be an employer and shall, for purposes of the collection of the income tax, be required to withhold, report and pay over to the Administrator the tax at the applicable rate, on the gross amount so paid on the completion of the engagement, said reports to be on forms provided by the Administrator.

(c) Any person who rents facilities to any entertainer, entertainment act, sports event, promotional booth, special event, band, orchestra, rock group, theatrical performance, etc. for use in performing services in the Village, and who makes any payment arising from said use of facilities shall be deemed to be an employer and shall, for purposes of the collection of the income tax, be required to withhold, report and pay over to the Administrator the applicable tax at the applicable rate hereof based on the gross amount so paid on completion of the engagement, said reports to be on forms provided by the Administrator.

The income of non-resident entertainers is the entire amount received for performances, engagements or events that occurred in the Village. In the case of a non-resident entertainer who is not paid specifically for a performance, the following apportionment formula must be used:

The income earned and subject to the tax is the total annual compensation multiplied by a fraction, the numerator of which is the number of performances the entertainer performed (or was available to perform, as, for example with understudies) in the Village, and the denominator of which is the total number of performances which the entertainer was obligated to perform under contract or otherwise during the taxable year.

## 8. Excluded Personal Services

The deduction and withholding obligation shall attach in the case of any personal service compensation for labor or personal services performed in the Village irrespective of the residence of the employee (or, in the case of an entertainer, irrespective of the residence of the promoter, booking agent or lessor), the place in which the contract for the labor or service was made, or the place or time of payment; except that such compensation shall be deemed not to be income derived within the Village if:

(a) the compensation for such labor or services does not exceed a gross amount of \$50.00 in any calendar year; or

(b) there is only occasional entry into a Village by a non-resident employee who performs the regular duties for which he is employed almost entirely, or entirely outside of such municipality, but also enters such municipality for the purpose of receiving instruction, reporting, accounting, etc. incidental to his duties. This exclusion does not apply to professional athletes or teams, or to entertainers as defined above.

## 9. Employee Reports

In apportioning the earnings of an employee, an employer may accept the written reports of his employee as to any of the items set forth in 1(a), 1(b), 2, 3, and 10 hereof. However, the employer shall be responsible for any material error in allocation as to employment within a Village.

## 10. Facts and Circumstances Allocation

If it is impossible to apportion the earnings as provided above, because of (a) the peculiar nature of the services of the employee or (b) the unusual basis of compensation, apportionment shall be made in accordance with the facts and the tax deducted and withheld accordingly. With respect to each such employee (or group of employees similarly or identically circumstanced) the employer shall furnish the Administrator a detailed statement of facts.

F. An employer shall withhold the tax on the full amount of any advances made to an employee on account of commissions (but not then on the commissions).

G. An employer required to withhold the tax on compensation earned by an employee shall, in determining the amount on which the tax is to be withheld, ignore any expense amount allowed and paid to the employee for expenses necessarily and actually incurred by the employee in the actual performance of his services, provided such expenses are incurred in earning compensation, including commission, and are not deducted as a business expense by the employee (other than as an offset to an advance or reimbursement) under Article 3:00 of these regulations.

H. Except as otherwise provided, an employer in the Village is required to withhold the current tax rate from the compensation earned by Village residents regardless of where the services compensated for were performed, except as hereinafter set forth. Any Village employer who employs a resident of said Village in another taxing municipality in which the employer is subject to the withholding provisions of both ordinances, shall withhold and remit tax as follows:

(a) If the rate of tax levied by the other taxing municipality (employment) is the same as is imposed by the resident Village ordinance, the employer shall withhold at the current rate of tax on the entire wage earned and shall remit to such other taxing municipality the full amount of the tax withheld on the wages earned by such employee. The place of employment takes precedence over the place of residence.

(b) If the rate of tax levied by the other taxing municipality is less than the rate imposed by the resident Village ordinance, such resident Village employer shall withhold at the higher rate of tax on the entire wage earned by such resident and shall remit to the other taxing municipality only the tax imposed by this ordinance on the income earned therein and shall remit the balance of the tax withheld to the resident Village.

(c) If the rate of tax levied by the other taxing municipality is higher than the rate imposed by the resident Village ordinance, such resident Village employer shall withhold and remit to such other municipality its full rate of tax on compensation earned therein by such non-resident, and remit to the resident Village only the tax withheld on wages earned other than in such higher taxing municipality.

In instances where the above provisions are applicable, the employer must advise the respective municipalities in which the employer is subject to the withholding provisions of the amount of salaries, wages, or other compensation earned within such municipalities, such information to be incorporated in a form approved by the Administrator.

I. An employer whose records show that an employee is a non-resident of the employment Village and has no knowledge to the contrary shall be relieved of the responsibility of withholding the tax on personal services compensation paid to such employee for services rendered or work done outside said Village by such employee, provided, however, that such employer must withhold the tax on compensation paid

such employee after the Administrator notifies said employer in writing that such employee is a resident of the employment Village. All employees are required to notify the employer of any change of residence and the date thereof immediately.

J. No person shall be required to withhold tax on the following payments:

1. Wages or other compensation earned for domestic services performed by an employee or an independent contractor, in or about such person's residence which is the fixed place or abode of an individual or family or a local chapter of a college fraternity or sorority.

a. Domestic services within the exception include services performed by cooks, waiters, butlers, housekeepers, governesses, maids, valets, baby-sitters, janitors, laundresses, caretakers, handymen, gardeners, grooms, and chauffeurs of automobiles for family use.

b. If a dwelling house is used primarily as a boarding or lodging house for the purpose of supplying board or lodging to the public as a business enterprise, it is not a private residence and the wages or other compensation earned for services performed therein is not within the exception.

c. Wages or other compensation for domestic services are not within the exception if performed in or about rooming, lodging or boarding houses, clubs, hotels, hospitals, charities, or commercial offices or establishments.

2. Wages or other compensation earned for services performed by an employee in any calendar quarter in which the cash reimbursement is less than \$20.00.

3. Wages or other compensation earned for services performed as an employee of a foreign government or international organization as defined by the International Organizations Immunities Act, 22 U.S.C. 288-288f.

4. Wages or other compensation for services in delivery or distribution of newspapers, shopping news (including handbills and other similar types of advertising material) or magazines by an employee under the age of 18.

5. Wages and other compensation earned for services rendered to a motion picture production company based outside the Village in connection with the filming of a motion picture on location in the Village.

a. If a motion picture production company based outside the Village records events on film within the Village for less than 30 days during a calendar year, such motion picture production company shall be considered to be on location and within the exception.

b. Any motion picture production company which records events on film for 30 days or more during the calendar year shall be considered to be an employer within the Village and not within the exception.

Any employee whose wages or other compensation are exempt from withholding under this section shall be subject to all of the requirements of the ordinance and regulations.

#### 8:03 Collection at Source - Return and Payment of Tax Withheld and Status of Employers

A. Every employer is deemed to be a trustee of the Village in collecting and holding the tax required under the ordinance to be withheld, and the funds so collected by such withholding are deemed to be

trust funds. The dissolution, bankruptcy, merger or spin-off or reorganization of any such employer does not discharge an employer's liability for a prior failure of such business to file a return or pay taxes due.

An officer, agent or employee of an organization may be prosecuted for an offense committed by such organization, and shall be jointly and severably liable to the Village together with the organization for taxes of the organization's employees if he acts with the kind of culpability required for the commission of the offense, and any of the following apply:

(1) in the name of the organization or on its behalf, he engages in conduct constituting the offense, or causes another to engage in such conduct, or tolerates such conduct when it is of a type for which he has direct responsibility;

(2) he has primary responsibility to discharge a duty imposed on the organization by law, and such duty is not discharged.

The liability of the officer, agent or employee described herein shall not be discharged by the dissolution, bankruptcy, merger or spin-off or reorganization of the organization or employer.

Except as otherwise provided, every such employer required to deduct and withhold the tax at the source is liable directly to the Village for the payment of such tax, whether actually collected by such employer or not.

Any tax deducted and withheld is to be considered paid to the Village whether or not the employer actually remits the tax to the Village, for purposes of determining employee payments or credits.

B. The deduction from salaries, wages and other compensation required to be made by employers are to begin with compensation earned on and after the effective dates of the income tax ordinance.

The first return and payment required to be made on account of such deductions shall be made, filed and paid to the Administrator by the 20th of the month following the close of the quarter, except as provided for in subparagraph (a) and (b) hereof.

Monthly reporting and remittances are required by the Village ordinance when the amount of tax withheld is.

(a) An employer who deducts the tax in the amount as specified in the ordinance in the first or second month of a calendar quarter shall, on or before the 20th day of the following month, pay to the Administrator the amount of taxes so deducted.

(b) Such employer who makes payments on a monthly basis for the first two months of a calendar quarter shall pay such tax deducted for the third month of a calendar year on or before the 20th day of the following month to the Administrator.

C. If more than the amount of tax required to be deducted by the ordinance is withheld from an employee's pay, such excess may be refunded by the employer or the Administrator, depending upon the circumstances and the time when the over-withholding is determined as follows:

#### 1. Current Employees

(a) If the over-withholding is discovered in the same quarterly period the employer shall make the

necessary adjustment directly with the employee and the amount to be reported on the quarterly Form CCA-102 as withheld shall be the corrected amount.

(b) If the over-withholding is discovered in a subsequent quarter of the same calendar year, the employer may make proper adjustment with the employee. In such case, Form CCA-102 for the quarter in which the adjustment is made shall reflect the total amount actually withheld for the quarter and the amount of the adjustment deducted therefrom.

(c) If the over-withholding is discovered in the following year, the employer shall notify the Administrator of such over-withholding and the circumstances thereof. Upon proper verification, the Administrator shall refund to the employee the amount of such excess withholding.

## 2. Former Employees:

(a) In case too much has been withheld from an employee who is no longer employed by the employer, the employer shall notify the Administrator of the amount and circumstances of such over-withholding, and the Administrator, after verification, shall then refund to the employee the amount of such excess withholding.

(b) If the error is discovered by the employee, such employee shall file a claim with the Administrator and, upon verification thereof by the employer, the Administrator shall refund to the employee the amount of such excess withholding.

D. Insufficient withholding. If less than the amount of tax required to be deducted is withheld from an employee, such deficiency shall be withheld from subsequent wages paid in the same calendar year. However, if the employee-employer relationship has terminated, or if the deficiency was from a prior year, the employer shall notify the Administrator of such deficiency, the reason therefor, and in a separate return pay the withholding deficiency. (Article 8:03 A, and Collection at Source section of the ordinance).

E. On or before the last day of February following any calendar year in which such deductions have been made by any employer, such employer shall file with the Administrator, in the form prescribed by the Administrator, an information return for each employee from whom municipal income tax has been withheld, specifying the municipality for which the tax has been withheld and all information required for Federal Income Tax reporting purposes on Federal Form W-2 or its equivalent. Information returns must also be submitted for each person receiving payments on a commission or fee basis as non-employees.

F. The information returns from Subsection E above shall be filed with the Agency in the following manner:

(1) Employers who must withhold Village tax for 250 or more employees are required to file on magnetic media.

(2) Employers who must withhold Village tax for 100 or more employees and are filing W-2 information on magnetic media with the SSA are required to file on magnetic media with Village.

(3) All other employers who must withhold Village tax are required to file a copy of the W-2 issued to the employee clearly showing all information required on Federal Form W-2.

Employers required to file on magnetic media must obtain specifications for filing from the CCA Information Systems Department.

G. In addition to such information returns, and at the time the same are filed, such employer shall file with the Administrator Form W-3 to enable the Administrator to reconcile the sum total of compensation earned and taxes withheld as disclosed by the total of the Federal W-2 Forms. The W-3 shall also reconcile to prior remittances and returns filed by the employer for such tax year with respect to taxes withheld.

H. In deducting and withholding the tax at the source and in payment of any tax due under the ordinance, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

#### 8:04 Declaration of Estimated Tax (Tax on Income Not Collected at Source)

##### A. Requirement of Filing

1. A declaration of estimated tax shall be filed by every taxpayer who anticipates receiving taxable income not subject to withholding.

2. A taxpayer's final return for the preceding year may be used as the basis for computing his declaration of estimated tax for the current year, or he may use the same figures used for estimating the Federal Income Tax adjusted to exclude any income or deductions not taxable or permissible under the municipal income tax ordinance. In the event a taxpayer has not previously been required to file a return, a declaration of estimated tax on anticipated income shall be filed in good faith.

##### B. Date of Filing

1. Those taxpayers reporting on a calendar year basis shall file a declaration of estimated tax on or before April 30th of each year or within four months of the date the taxpayer becomes subject to the tax for the first time.

2. Those taxpayers reporting on a fiscal year basis shall file a declaration of estimated tax within four months of the date the taxpayer becomes subject to the tax for the first time.

##### C. Forms of Filing

1. (a) Such declaration of estimated tax shall be filed on a form furnished by or obtainable from the Administrator or the Central Collection Agency. (See Article 8:04 A 1 hereof)

(b) Should the declaration of estimated tax indicate an overpayment, such overpayment shall not be refunded until the final return has been filed. (See Article 10:02 hereof)

2. The original estimate of tax liability or any subsequent amendment thereof may be increased or decreased by filing an amended declaration of estimated tax on or before any quarterly payment dates as set forth in Article 8:04 D hereof. Such amendment may be made on the quarterly billing forms.

##### D. Date of Payments

1. The estimated tax may be paid in full with the first declaration of estimated tax in each tax year or in

equal installments on or before the last day of the fourth, sixth, ninth and thirteenth months of the taxable year.

2. The declaration of estimated tax must be accompanied by at least one-fourth of the estimated tax shown due thereon.

3. In the event an amended declaration of estimated tax has been filed, the unpaid balance shown due thereon shall be paid in equal installments over the remaining payment dates.

#### E. Final Returns Required

The filing of a declaration of estimated tax does not relieve the taxpayer of the necessity of filing a final return even though there is no change in the declared tax liability. A final return must be filed to obtain a refund of any overpayment of over One-Dollar (\$1.00). (See Articles 8:01 B and 10:02 hereof.)

### ARTICLE 9:00 INTEREST AND PENALTIES

#### 9:01 Interest

Except as provided in Article 9:03 hereof, all taxes imposed and all money withheld, or required to be withheld by employers under the provisions of this ordinance and remaining unpaid after they have become due shall bear 1.5% interest rate, in addition to the amount of the unpaid tax or withholdings.

#### 9:02 Penalties

A. In addition to interest as provided in Article 9:01 hereof, 1.5% penalties based on the unpaid tax are hereby imposed as follows:

1. For failure to pay tax due, other than taxes withheld.
2. Underpaying estimated taxes. There is a charge for underpaying the tax. When estimate tax payments are required the penalty will attach when the amount actually paid and the amount that should have been paid of the estimated tax paid was 80% or less of the amount shown on the final return. Failure to pay 80% of tax due by January 31st of the following year will result in a penalty and interest charge on the entire remaining tax balance. In addition, no penalty or interest will be charged if 100% of the previous year's taxes owed are paid by January 31st of the following year.
3. For failure to remit taxes withheld from.
4. For failure to file an annual return the minimum penalty is \$25.00.

B. In addition to any other charges for interest and/or penalties which may be applicable, a charge of twenty-five dollars (\$25.00) shall be added to the tax due when any check in payment of taxes is returned unpaid by the bank. This charge is to offset the cost of additional bookkeeping and processing and is made irrespective of any charge which may be levied against the maker by his bank. Notice by the Administrator to the taxpayer that a check has been returned unpaid is not required nor is notice of the above charge required. The tender of payment shall not be considered as received as long as this charge has not been paid.

## 9:03 Exceptions

A. No penalty shall be assessed on additional taxes found on audit to be due when a return was timely filed in good faith and the tax paid thereon within thirty days of notification.

B. In the absence of fraud neither penalty nor interest shall be assessed on any additional taxes resulting from a Federal audit for Federal Income Tax purposes provided an amended return is filed and the additional tax paid within three months after final determination of the Federal tax liability.

C. A taxpayer or employer shall have thirty days after receipt of notice of any proposed imposition of interest and penalties within which to file a written protest or explanation with the Administrator. If no protest or explanation is filed within the prescribed time, the proposed imposition of interest and penalties shall become and be the final assessment. Upon filing of a written protest or explanation, the Administrator shall determine the assessment, which may or may not be the same as the proposed assessment.

## 9:04 Abatement of Interest and Penalty

A. The Income Tax Administrator may abate penalty and/or interest for good cause shown up to \$1,000.00. Penalty and/or interest over \$1,000 may be abated with the authorization of the Board of Review.

B. Upon recommendation of the Administrator, the Board of Review may abate penalty or interest or both, or upon appeal from the refusal of the Administrator to recommend abatement of penalty and interest, the Board may nevertheless abate penalty or interest or both.

## 9:05 Violations

A. No person shall:

1. Fail, neglect, or refuse to make any return or declaration required by the tax ordinance; or

2. Make any incomplete, false or fraudulent return; or

3. Fail, neglect or refuse to pay the tax, penalties or interest imposed by this ordinance; or

4. Fail, neglect or refuse to withhold the tax from his employees or remit such withholding to the Administrator; or

5. Refuse to permit the Administrator or any duly authorized agent or employee to examine his books, records, papers and Federal Income Tax returns relating to the income or net profits of the taxpayer; or

6. Fail to appear before the Administrator and to produce his books, records, papers or Federal Income Tax returns relating to the income or net profits of the taxpayer upon order or subpoena of the Administrator; or

7. Refuse to disclose to the Administrator any information with respect to the income or net profits of the taxpayer; or

8. Fail to comply with the provisions of the tax ordinance or any order or subpoena of the Administrator authorized hereby; or
9. Give to an employer false information as to his true name, correct social security number and residence address, or fail to promptly notify an employer of any change in residence address and date thereof; or
10. Fail to use ordinary diligence in maintaining proper records of employees' residences and addresses, total wages earned and municipal tax withheld, or to knowingly give the Administrator false information; or
11. Attempt to do anything whatsoever to avoid the payment of the whole or any part of the tax, penalties, or interest imposed by the ordinance.

Violations of this section are a first-degree misdemeanor punishable by up to five hundred dollars (\$500.00) and/or imprisonment of not more than six months or both for each offense.

#### 9:06 Limitations on Prosecution

A. Civil actions to recover municipal income taxes and penalties and interest on municipal income taxes shall be brought within three years after the tax was due or the return was filed, whichever is later. No return will be considered filed until it is complete in all material respects.

B. Prosecutions under the ordinance shall be commenced within three years after the commission of the offense provided that in the case of fraud, failure to file a return, or the omission of 25% or more of income required to be reported, prosecutions may be commenced within six years after the commission of the offense.

C. When a taxpayer appeals from the final assessment of the Administrator, the taxpayer shall either pay the disputed assessment or waive the statute of limitations for prosecution of Section 890.12 Codified Ordinances of the Village of Grand Rapids, and Ohio Revised Code Section 718.06 by signing the waiver of prosecution form provided by the Administrator. No appeal will be perfected without the waiving of the limitation on prosecution or paying the disputed assessment.

#### 9:07 Failure to Receive Forms No Excuse

The failure of any employer or person to receive or procure a return, declaration or other required form shall not excuse him from making any information return, return or declaration, from filing a form, or from paying the tax.

### ARTICLE 10:00 COLLECTION OF UNPAID TAXES AND REFUNDS OF OVERPAYMENTS

#### 10:01 Unpaid Taxes Recoverable As Other Debts

A. All taxes imposed by the ordinance and not paid when due become, together with interest and penalties thereon, a debt due the municipality from the taxpayer and are recoverable as are other debts by civil suit. Employers who are required, under Section 8:02 (Collection at Source) of these Rules and Regulations, to withhold and remit the taxes required to be withheld at the source, and who fail to

withhold and/or remit, become liable to the Village in a civil action to enforce the payment of the debt created by such failure.

B. No additional assessment shall be made by the Administrator after three years from the time the return was due or dated, whichever is later. Provided, however, there shall be no period of limitation on such additional assessments in the case of a return that omits a substantial portion of income, or the filing of a false or fraudulent return to evade payment of the tax, or failure to file a return. Failure to report 25% or more of gross income shall be considered an omission of a substantial portion of income subject to this tax.

C. In those cases in which the Commissioner of the Internal Revenue Service and the taxpayer have executed a waiver of the Federal Statute of Limitations, the period within which an assessment may be made by the Administrator is extended to one year from the time of final determination of Federal Income Tax liability.

#### 10:02 Refunds of Taxes Erroneously Paid

A. Taxes erroneously paid shall not be refunded or credited unless a claim for refund is made within three years from the time of payment thereof, or within three months after final determination of a Federal Income Tax audit.

A Federal adjustment must have a direct effect on items subject to city tax to extend the statute.

Based on the three-year statute of limitations, taxpayers required to file an annual return must use April 30th as the due date of the return. Taxpayers not required to file a return other than a request for refund must use January 20th as the due date of the return.

B. No refund or credit shall be made to any taxpayer until he has filed a complete and final return, complied with all provisions of the ordinance, and has furnished all information required by the Administrator.

C. Overpayments will be either refunded or credited to the taxpayer's current year liability at his option unless there is a prior outstanding obligation. Where no election has been made by the taxpayer, overpayments of the tax for any year shall be applied as follows:

1. To taxes, penalty and interest owed for any periods in the order in which such become due.
2. To his current estimated tax liability.

If the taxpayer chooses to credit the current year's tax overpayment to the next tax year, and thereafter requests a refund of the credited amount, no interest is due on the refunded amount until 90 days after the filing date of the refund request.

#### 10:03 Limitation

Where the total amount due or refund claim for a tax year is less than One Dollar (\$1.00) such amount shall not be collected or refunded.

#### 10:04 Erroneous Refund Recovery.

The Administrator may sue for recovery of an erroneous refund provided such suit is brought within three years after making such refund, except that the suit may be brought within six years if any part of the refund was induced by fraud or misrepresentation of material fact.

## ARTICLE 11:00 TAXPAYER RELIEF

### 11:01 Residents of Taxing Communities

When a resident of the Village is subject to a municipal income tax in another municipality on the same income taxable under the ordinance, such resident may claim a credit up to the 50% percent allowed by the ordinance but the credit must not be calculated on a tax in excess of the rate in effect in the resident community.

In the event a resident is entitled to credit for taxes paid another municipality, such resident is required to file a return in such manner as the Administrator may prescribe.

In the event such resident fails, neglects or refuses to file such return or form as is prescribed by the Administrator, he shall not be entitled to such credit and shall be considered in violation of the ordinance for failure to file a return and make payment of taxes due thereunder.

The Administrator may require all residents of a member municipality subject to this chapter to file an annual return or an annual exemption certificate.

## ARTICLE 12:00 DISBURSEMENT OF RECEIPTS AND TAX COLLECTIONS

Disbursement of Funds Collected. Refer to Ordinance.

## ARTICLE 13:00 DUTIES AND AUTHORITY OF THE TAX ADMINISTRATOR

### 13:01 Duty To Receive Tax Imposed

It shall be the duty of the Administrator to receive the tax imposed by the ordinance in the manner prescribed herein from the taxpayers, to keep an accurate record thereof, and report all money so received.

### 13:02 Duty to Enforce Collection

It shall be the duty of the Administrator to enforce payment of all taxes owed to each employment and resident Village, to keep accurate records for a minimum of five years showing the amount due from each taxpayer required to file a declaration and make any return, or both, including taxes withheld, and show the date and amounts of payments thereof.

### 13:03 Authority to Make and Enforce Regulations

A. The Administrator is charged with the administration and enforcement of the provisions of the ordinance and is, subject to the approval of the Board of Review, hereby empowered to adopt and

promulgate and to enforce these Rules and Regulations in relation to any matter or thing pertaining to the administration and enforcement of the ordinance. The Administrator has the authority to correct or adjust any return submitted, when a correction or adjustment is necessary to accomplish the intent of the ordinance.

B. Any taxpayer or employer desiring a special ruling on any matter pertaining to the ordinance or these Rules and Regulations should submit to the Administrator in writing all the facts involved and the ruling sought. Promulgation of a special ruling shall be at the sole discretion of the Administrator.

C. These regulations, together with all amendments and supplements hereto and all charges herein, will be on file at the office of the Administrator and will be open to public inspection. The Administrator's office is located in the Administrative Building at 17460 Sycamore Road, Grand Rapids, Ohio 43522.

#### 13:04 Authority to Arrange Installment Payments

A. Except as otherwise provided in these regulations, the Administrator is authorized to arrange for the payment of unpaid taxes, interest and penalties on a schedule of installment payments, when the taxpayer has proved to the Administrator that, due to certain hardship conditions, he is unable to pay the full amount of the tax due. Such authorization shall not be granted until proper returns are filed by the taxpayer for all amounts owed by him under the ordinance.

B. Failure to make deferred payment when due shall cause the total unpaid amount, including penalty and interest, to become payable on demand, and the provisions of the chapters pertaining to penalties and interest and collections of unpaid taxes of the ordinance shall apply.

#### 13:05 Authority to Determine Amount of Tax Due

A. Whenever the Administrator has been unable to secure information from the taxpayer as to his taxable income from any year, or the taxpayer has filed a return which does not show the proper amount of tax due, the Administrator may determine the amount of tax appearing to be due and assess the taxpayer upon the basis of such determination, together with the interest and penalties as prescribed in the ordinance.

B. Such determination of tax may be adjusted upon submission by the taxpayer of actual records from which his tax may be computed.

#### 13:06 Authority to Make Investigations

A. The Administrator, or any authorized employee, is authorized to examine the books, papers, records and Federal Income Tax returns of any employer, taxpayer or person subject to, or whom the Administrator believes is subject to the provisions of this chapter, for the purpose of verifying the accuracy of any return made, or, if no return was made, to ascertain the tax due under the ordinance.

B. An employer or taxpayer shall furnish within ten days following a written request by the Administrator, or his duly authorized agent or employee, the means, facilities and opportunity for making such examinations and investigations as are hereby authorized by the ordinance.

#### 13:07 Authority to Compel Production of Records

A. The Administrator, or any person acting in his capacity, is authorized to examine any person under

oath concerning income which was, or should have been returned for taxation or any transaction tending to affect such income. The Administrator may compel the production of books, papers, records and Federal Income Tax returns and the attendance of all persons before him, whether as parties or witnesses, whenever he believes such persons have knowledge of the facts concerning any supposed income or supposed transaction of the taxpayer.

B. The Administrator's order to examine any document mentioned in the proceeding paragraph shall state whether the examination is to be at the office of the taxpayer or at the office of the Administrator.

C. The Administrator may order the appearance before him, or before his duly authorized agent, of any party whom he believes to have any knowledge of a taxpayer's income or withholdings, or any information pertaining to the taxpayer under investigation, whether or not the individual so ordered has actual custody of the records of the taxpayer being investigated. The Administrator is specifically authorized to order the appearance of the local manager or representative of any taxpayer.

D. Persons required to attend any hearing shall be notified not less than ten days prior to the time of the hearing. The notice shall show the time and place of the hearing and what books, paper or records the witness is to make available at such hearing.

E. The notice shall be served by the Administrator, or his duly authorized agent, by delivering it to the person named personally, or by leaving the notice at his usual place of business or residence, or by mailing it to the person by first class mail addressed to his usual place of business or residence.

#### 13:08 Refusal to Produce Records

Refusal by any employer, supposed employer, taxpayer or supposed taxpayer, or the refusal of any such person to appear before the Administrator or his duly authorized agent, to submit to such examination or to produce the records requested constitutes a misdemeanor punishable by fine or imprisonment, or both, as prescribed by the violations provisions of the ordinance.

#### 13:09 Confidential Nature of Information

A. Any information gained as the result of any returns, investigations, verifications or hearings before the Administrator or the Board, required by the ordinance or authorized by these Rules and Regulations shall be confidential and no disclosure thereof shall be made except for official purposes, or as ordered by a court of competent jurisdiction. Any person divulging such information shall be guilty of a misdemeanor punishable by a maximum fine of One thousand Dollars (\$1,000.00) or imprisonment for not more than six months, or both.

B. In addition to the above penalty, any employee of the Central Collection Agency or of the Village who violates the provisions of this section relative to the disclosure of confidential information shall be guilty of an offense punishable by immediate dismissal.

#### 13:10 Taxpayer Required to Retain Records

All employers and taxpayers are required to keep such records as will enable the filing of true and accurate returns whether of taxes withheld at the source or of taxes payable upon earnings or net profits, or both. Such records shall be preserved for a period of not less than five years from the date the final return is filed and paid or the withholding taxes are paid.

## ARTICLE 14:00 BOARD OF REVIEW

### 14:01 Board of Review Established

A Board of Review consisting of the Solicitor, as chairperson, the Chairperson of the Finance Committee as Secretary, and one other member of Village Council to be selected by the Solicitor and Finance Committee Chairperson is hereby created. A majority of the members of the Board shall constitute a quorum. The Board shall adopt its own procedural rules and shall keep a record of its transactions. Any hearing by the Board may be conducted privately and the provisions of Article 13:09 hereof with reference to the confidential character of information required to be disclosed by the ordinance shall apply to such matters as may be heard before the Board on appeal.

### 14:02 Duty to Approve Regulations and Hear Appeals

All Rules and Regulations and amendments or changes thereto, which are adopted by the Administrator under the authority conferred by the ordinance, must be approved by the Board of Review before the same become effective. The Board shall hear and pass on appeals from any ruling or decision of the Administrator, and, at the request of the taxpayer or Administrator, is empowered to substitute alternate methods of allocation.

### 14:03 Right of Appeal

A. An appeal from a ruling of the Administrator by a taxpayer or employer is effected by filing a notice of appeal with the Board at the Tax Review Board, PO Box 309, Grand Rapids, Oh 43522 within thirty days after the announcement of the Administrator's ruling or decision from which the appeal is taken. A copy of such appeal must be filed with the Administrator.

B. The Board, by majority vote, may affirm, modify or reverse, in whole or part any such ruling or decision of the Administrator.

C. Hearings before the Board shall be private unless the taxpayer requests, in writing, a public hearing.

## ARTICLE 15:00 OTHER PROVISIONS

### 15:01 Declaration of Legislative Intent. Refer to Ordinance

### 15:02 Collection of Tax after Termination of Title Ten. Refer to Ordinance.

### 15:03 Instructions for Filing a Notice of Appeal (Issued by the Board of Review)

1. An appeal from the ruling of the Administrator by a taxpayer or employer is effected by filing a notice of appeal with the

Tax Review Board at PO Box 309, Grand Rapids, OH 43522 (or any subsequent official mailing address) within thirty days after the announcement of the Administrator's ruling or decision from which the appeal is taken. A copy of such appeal must be filed with the Administrator. The Board has no power to hear an appeal not timely filed.

2. No particular form of notice of appeal is required, provided that the notice contains the following information:

- (a) A copy of the Administrator's final ruling or determination;
- (b) A statement that the taxpayer appeals from the final assessment of the Tax Administrator;
- (c) The tax year or years and the amount of tax involved in the final assessment;
- (d) The date of receipt by the taxpayer of the final assessment appealed from;
- (e) The reason or reasons why the taxpayer believes the final assessment is objectionable, incorrect or illegal;
- (f) The name and address of the representative, if any, of the taxpayer that is authorized to present the appeal before the Board of Review (Note: Section 890.09 of the Village of Grand Rapids Tax Ordinance provides that all information pertaining to a taxpayer is confidential. The Board of Review cannot recognize any attorney or other representative unless he is so authorized by the taxpayer in the notice of appeal by power of attorney, or by personally appearing with the taxpayer.);
- (g) The name and address of the taxpayer.

3. The notice of appeal must be signed by the taxpayer and filed in duplicate. The copy must be a true and accurate copy.

4. The notice of appeal should be filed in a sealed envelope plainly marked 'Appeal to the Board of Review' and mailed or delivered to the Tax Administrator who shall, within fifteen days, deliver such appeal to the Chairman of the Board of Review, or if the Chairman is not available, to the Secretary.

5. All papers filed with the Board of Review should be typewritten.

For information concerning the hearing and disposition of the appeal, obtain a copy of the Rules of Procedure adopted by the Board of Review. (read below)

The Board of Review for Grand Rapids has established its own set of rules and guidelines to be followed in conjunction with the Rules & Regulations already listed.

**RULE I Notice of Appeal:** Appeals from final assessments by the Tax Administrator shall be made by filing a written notice of appeal in duplicate with the Board of Review within thirty days after the date final assessment was served. Such written notice of appeal shall be filed in a sealed envelope plainly marked 'Appeal to the Board of Review' and mailed or delivered to the Administrator who shall, within fifteen days deliver such appeal to the Chairman of the board of Review, or if the Chairman is not available, to the Secretary. The error or errors complained of must be set forth in said notice of appeal in clear and concise language. The notice of appeal also shall contain the correct mailing address of the appellant and his duly authorized representative, if any.

**RULE II Payment or Waiver:** When a taxpayer appeals from the final assessment of the Tax Administrator, the taxpayer shall either pay the disputed assessment or waive the period of limitation

on prosecution set forth in Section 890.11 of the Codified Ordinances of the Village of Grand Rapids, Ohio by signing the waiver of prosecution form provided by the Administrator. No appeal will be considered perfected without the taxpayer making either the aforementioned payment or waiver.

**RULE III Hearings:** Hearings in private shall be granted on all appeals unless a public hearing is requested by the taxpayer. At such hearing the appellant and the Tax Administrator in person or by duly authorized representative, shall be given an opportunity to present evidence relating to the issue or issues raised in the notice of appeal. Such evidence may be tendered orally, under oath, or by affidavit or agreed statement.

**RULE IV Notice of Hearing:** Notice of hearings shall be given to appellant and the Tax Administrator or their duly authorized representative, if any, at least ten days in advance.

**RULE V Continuance:** Continuances may be granted by the Board on its own motion, or in its discretion, at the request of either party upon application in writing, reasonably made and for good cause shown.

**RULE VI Briefs:** In the event the parties desire to file briefs, appellant's brief shall be filed in triplicate, within fifteen days after the matter is heard, and the Tax Administrator shall file his brief in triplicate within ten days thereafter. A reply brief may be filed within five days thereafter. Copies of such briefs shall be furnished to the opposing party or his duly authorized representative.

**RULE VII Dismissal:** Failure of either party to an appeal to comply with these rules or to attend any hearing of an appeal may be considered by the Board of Review as an abandonment of the cause, and the Board in its discretion, may dismiss the same for want of prosecution.

**RULE VIII Quorum:** All business of the Board of Review shall be conducted by majority of its members who shall constitute a quorum.

**RULE IX Record:** The name of the appellant, and the filing and hearing dates, shall be made public information. A record of all proceedings by the Board shall be made and preserved, and shall be open to inspection only by an appellant, the Tax Administrator, or their duly authorized representative.
